

# It's about **taking the initiative**

## Graduate GIS (Geographic Information Science)

**Ideas can come from anywhere that's why we want you to join our Graduate Program!**

Jacobs is one of the world's leading providers in technical, professional and construction services. We specialise in architecture, engineering and construction, operations and maintenance, as well as scientific and consulting. Our client portfolio includes industrial, commercial, and government clients across multiple markets and geographies.

As part of the Jacobs Graduate Program, you will work on real projects, bids and tenders from the get go. Building on your theoretical knowledge, you will have the opportunity to collaborate with a range of experts and industry leaders to help guide, mentor and shape your career.

Our Environmental Business based in Perth is seeking applications from graduates who will/have completed their degree in 2016.

### **What we look for**

- Excellent leadership and teamwork skills
- Can work in a team-based environment
- Able to commence on 13 February 2017
- Be an Australian or New Zealand citizen or an Australian permanent resident or;
- An international student with working rights in Australia

Apply today - upload your CV, Transcripts and letter of application or call Fiona Clarke on +61 8 9469 4580 for further information.

Be part of Jacobs Graduate Program and develop your career with a Global Business.

**Applications close on Wednesday 19 November 2016.**
