

GIS Officer

Vocus Communication (Vocus)

Perth, Western Australia

Details

We are looking for a GIS officer to join our WA GIS team at Vocus. This is an entry level role with primary responsibility of recording and maintaining the accuracy of the data using QGIS and Vocus internal tools

The ideal candidate has completed or is undertaking studies in GIS or spatial science, has some previous experience with GIS software (such as QGIS or ArcGIS), and has excellent computer skills with Excel proficiency as a must have.

This is a six month contract with possibility of extension.

Application

Application closes on **May 31st 2017**

Application procedures

Please email a CV and a short description why you would fit this role to Nadia Goetz (Project Manager) at nadia.goetz@vocus.com.au.
