

Curtin University

KING MONGKUT'S UNIVERSITY OF TECHNOLOGY JOINT CAPSTONE PROJECT

DECEMBER 2017—FEBRUARY 2018

Experience the beauty and diversity of Thailand!

New Colombo Plan (NCP) & Curtin University are offering 6 students in the areas of Civil Engineering, Mechanical Engineering, Instrumentation & Control, and Computer Engineering the opportunity to **travel to Thailand for 8 weeks**. During this time they will spend 4 weeks at **KMUTT** with peers collaborating on a Capstone Project, followed by a **4 week** discipline relevant industry internship.

Please submit expressions of interest as early as possible. **Limited to 6 places only**

Application Deadline: 31st August, 2017

- Applications are open to undergraduate students who will be commencing their final year project in semester 2, 2017 in the Faculty of Science & Engineering and who will be fulltime enrolled in semester two, 2017
- Financial assistance of \$3000 is available from NCP to each eligible applicant.
- KMUTT will provide local assistance with accommodation and local transport.

Lodge your expression of interest NOW via email to receive the application form
